* Owing to the consolidation of the Teachers' Salaries, which took place within the period to which this return relates it is not possible to furnish the Model School Salaries paid under Sub-head E. 1 as distinct from payments made under the provisions of the Irish Education Act, 1890, Sub-head F. The payments set forth above embrace both Sub-heads.

† The figures are taken from the Government's Annual Report, 1900-01. The average cost per pupil for 1896-1900 was 4s. 15d. The apparent increase for 1900-01 is due to the fact that the expenditure on Teachers' Salaries was higher than usual owing to adjustments in salaries during that year arising from the proposed system of payments to National Teachers.

‡ Including six Monitors now employed as Pupil Teachers and 12 still serving as Monitors.

A. R. HAMILTON,
Secretary.
